

City of Galion Weekly Reports

Week of July 11, 2016

Electric Department

Issues for immediate attention: change out hospital transformer.

This week:

- Complete line relocation and transfer of new pole line
- Meet with site coordinator of hotel project
- Address trenches from last year's underground construction
- Install all cameras at splash park and run wires to make some operational
- Install new metering as part of the Phase four and five rebuild/upgrade
- Collect wood from residence homes that do not want wood from trees being trimmed to clear lines
- Work on game plan for electrical upgrade at WWTP
- Take all flags down through town and park
- Run locates, new services, trouble calls, and wildlife caused issues
- Repair weather related damage to 200 block of North Columbus
- Tag circuits coming out of all subs for future mapping
- Vehicle and equipment maintenance

Next week: Pull 4kv poles and wire down train tracks, work with hotel site project manager on electrical needs, and add other wires for cameras as they get produced.

Long-term projects:

- Rebuild all of East end
- 4kv tear out at Dawsett sub
- 4kv tear out of lines down tracks and behind Hessenauer and SSCC
- Line relocation for expansion projects
- Continue to phase out Mercury Vapor and Metal Halide bulbs in street lighting
- Pole line for hotel and out to 30 on 598 for future expansion
- Finish underground project in Hessenauer area after WWTP gets generator
- Build step down bank for SSCC for continued feed of 4kv to interior transformers
- Find contractor to add components to Hospital switchgear to enable automatic switching between subs
- Continue to clear trees from power lines
- Pull poles from rebuild as phone and cable move their stuff to newer ones
- Straighten the pole line out 598 that belongs to the phone due to our stuff being on them and it leaning
- Evaluate and carry out simple maintenance at the substations
